PIECE GOODS, SHOES ON SALE -- Zycie Warszawy, No 117, 30 Apr 49

Thirty thousand meters of cretonne have been put on sale today by the PDTs (Powszechnie Domy Towarowe, General Merchandise Stores). An additional 60,000 meters of cretonne are in warehouses ready for distribution to the various PDTs.

PDTs are well supplied with shoes from Czechoslovakia. A few days ago, a carload of Czechoslovak-made shoes was received by the PDT on Zieta Avenue, and since then an order for 10,000 pairs of summer shoes and tennis shoes were placed. The demand for shoes is still great and purchasers must stand in line to purchase them. Ready-made suits are plentiful; however, people complain about the lack of variety and of large sizes.

Two carloads of aluminum beds and a carload of low-priced earthenware were received by PDT. Also, an order of 500 cretonne-covered quilts is expected in shortly.
